| <b>Maximum Marks</b> | 4 Marks                               |

### Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

|                                                                                                                                                                                                  |                                                                                                                                                                                                       |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>SAYS</b> <ul style="list-style-type: none"> <li>• An individual seeking to improve</li> <li>• Over all quality of life</li> </ul>                                                             | <b>THINKS</b> <ul style="list-style-type: none"> <li>• Assess and monitor my overall well-</li> <li>• Being across physical, mental,</li> <li>• emotional, social and financial dimensions</li> </ul> |
| <b>PERSONA NAME</b><br><i>(Role / User Type)</i>                                                                                                                                                 |                                                                                                                                                                                                       |
| <b>DOES</b> <ul style="list-style-type: none"> <li>• Existing assessment tools focus on only one aspect of well-being and do not provide a comprehensive view of my overall wellness.</li> </ul> | <b>FEELS</b> <ul style="list-style-type: none"> <li>• Confused, uncertain, and unable to make informed decisions to improve my well-being.</li> </ul>                                                 |
